

e-ssential 48 port PCB Patch Panel, rear connection, Black

Nexans ref.: N424.511

Netcomp ref: NE548PP

- Complies to the latest Category 5e standard
- 48 port in 2HU
- LSA+ termination

Description

Application

The Nexans e-ssential 1HU twisted pair patch panel is based on 19" frame dimensions. It is easy to manage thanks to the cable guide tie wrap support. The use of patch guides (sold separately) allows an orderly arrangement of patchcords. Clear label holders are positioned over markings 1- 48 which can be covered by supplied paper labels.

Performance

The Nexans e-ssential Range of Cat 5e cabling products are compliant with ISO/IEC 11801 : 2002

Installation

The access is optimal when Nexans 19" outrigger (N500.120) is used. An optional and specific cable management support is also available (N424.512) - 2 supports can be fitted.

- Supplied with fixings and tie wraps
- LSA+ termination
- Supplied with number printed paper labels
- Colour code T568B.
- Can be used with all types of cables : UTP

Characteristics

Construction characteristics

Connector type RJ45 and LSA+ IDC

Dimensional characteristics

Heightunit 2 U

Depth 28.4 mm

Usage characteristics

Category Cat. 5e

Range essential

Component function Patch panel

Number of ports 48
